Supervision Guidelines

Lifeguards are employed on a 1:100 ratio based on the expectation that parents will provide direct supervision of children.

CHILDREN UNDER 5 - must be constantly supervised and remain within arm's reach. If the child is in the water, the parent/guardian must be in the water too.

CHILDREN UNDER 10 - must be accompanied into the facility and constantly supervised by a parent/guardian. The parent/guardian must have a clear view of the child at all times.

Unsupervised children (of any age) will be removed from the water if the lifeguard is concerned for their safety
